

## Window Wall

AIR CONDITIONING RANGE

Australians love  
a Kelvinator

# Australians love a Kelvinator

For over 90 years, Kelvinator has been delivering reliability and performance to Australian families. It's a brand you can trust to get the job done well and it's easy to see why. There's peace of mind in knowing that with Kelvinator, you will be comfortable for years to come.

Designed for simplicity, longevity and superior performance, you can simply sit back and enjoy the benefits.

## Air conditioning features

### Brand

All Kelvinator products go through rigorous testing to ensure they meet stringent Australian performance and quality standards.

### Simple, economic and reliable

Because there are no separate indoor and outdoor units, it's easier to install a window wall model. And because it's a Kelvinator, you know it is reliable and built to last.

### Compact

The super compact design means that window wall air conditioners are discreet and unobtrusive in your home. They are also perfect for cooling smaller family homes and space-restricted areas.

### Control from the comfort of your armchair

All models come with a remote control that lets you conveniently control all functions. Depending on which model you choose, other great features include auto air swing left-right to give a natural feel to air movement, auto restart, climate control, timer, sleep mode and a 3-speed fan for lower energy consumption and greater comfort.

(Excluding model KWH15CME).

### Fresh air delivery

The fresh air return provides additional ventilation to your room and can also assist in humidity control. The easy-to-service dust filter removes dust and other larger airborne particles for cleaner air.

## Choosing the right air conditioner

It's important to select the right sized air conditioner for your room in order to ensure effective and efficient cooling and heating.

1. Total size of room (m<sup>2</sup>)?

3. Do you have ceiling insulation?

2. Direction the main window faces?

4. Do you require an air conditioner that heats and cools or cools only?

Go to [kelvinator.com.au/AirConSelectionWizard](http://kelvinator.com.au/AirConSelectionWizard).

## **Electrolux top service**

Electrolux Top Service encompasses our after sales service including delivery, home service and spare parts for Kelvinator air conditioners.

### **Delivery**

The purchase of a new appliance is an exciting experience. Kelvinator customers can, for an additional charge, choose to have their new appliance delivered by our experienced staff. Delivery is available in Adelaide, Brisbane, Melbourne, Perth and Sydney. Delivery may not be available in some rural locations.

### **Home service**

Home Service is provided for repairs to appliances by trained technicians. For repairs to appliances that are outside the manufacturer's warranty period or are not due to the appliance failing to meet the statutory guarantees under the Australian Consumer Law, a service fee may be payable. Home Service is available Australia-wide on all models.

### **Spare parts**

Home Service and Spare Parts can be contacted by phoning 13 13 49 for Service and 13 13 50 for Spare Parts (for the cost of a local call) or visit our website at [electrolux.com.au](http://electrolux.com.au)

### **Warranty**

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

In addition, Electrolux Home Products provides a manufacturer's warranty that for domestic or equivalent applications the Kelvinator products featured in this brochure are free from defects in materials and workmanship for 2 years. This manufacturer's warranty is subject to the conditions set out in the warranty card accompanying the product when purchased. All manufacturer's warranty claims must be directed to Electrolux at the address specified below. You will bear the cost of any expenses associated with the manufacturer's warranty claim, including transportation of the appliance to or from Electrolux or its authorised service centre.
