

REFRIGERATION RANGE

Australians love
a Kelvinator

Australians love a Kelvinator

For over 90 years, Kelvinator has been delivering reliability and performance to Australian families. It's a brand you can trust to get the job done well, and it's easy to see why. There's peace of mind in knowing that with Kelvinator, you will be comfortable for years to come.

Discover the perfect blend of functional design and practical innovation.

Bring a Kelvinator into your home and you'll never look back. Designed for simplicity and strong performance, you can simply sit back and enjoy the benefits.

Brand

All Kelvinator products go through rigorous testing to ensure they meet stringent Australian quality standards.

Heritage

If anyone knows refrigerators, it's us. With 90 years' experience in refrigeration systems, you know your Kelvinator is a product backed by years of innovation and high standards of quality.

Expertise

If you ever need a hand, help is never far away. Kelvinator refrigerators are backed by our national Top Service after sales program, which includes delivery, home service and spare parts.

Top mount fridges

The classic fridge below freezer style maximises your fridge storage and has an easy to access freezer for everyday use.

Bottom mount fridges

Ergonomic design has the fridge at eye level allowing convenient access to everyday items while the large freezer underneath stores all your frozen foods.

Kelvinator fridges are available in a polar white or arctic silver fingerprint-resistant finish, making cleaning a breeze.

Quality you can trust

Kelvinator has built upon its trusted heritage to produce modern, easy-to-use fridges and freezers. You can relax knowing Kelvinator has a refrigerator that's perfect for your needs.

The greener choice

Kelvinator refrigerators use the less harmful R600a refrigerant. That means every day, your refrigerator can quietly play its own part in reducing the household's impact on the environment.

Top mount refrigeration features

The classic fridge below freezer style maximises your fridge storage and has an easy to access freezer for everyday use.

Choosing the right refrigerator

The right type of refrigerator is the one which best suits your needs.

1. When buying a fridge to fit a cavity or exact space, make certain you allow for air space to ensure your appliance operates at optimal performance (refer to 'Dimensions and Installation guide' on the next page for more details).

2. Make sure your fridge's interior is easy and quick to clean. SpillSafe shelves are a great way to contain accidents and being glass they just wipe clean. A cloth with warm soapy water is much more convenient than special chemicals or cleaning agents.

3. Make sure you have the right sized fridge for your needs. Rather than having a new fridge for daily use and an older 'spare' fridge that is always on and drains power, it may pay to buy a bigger fridge to replace both.

Dimensions and installation guide

Integrate your fridge without the fuss

Specialised 120° wide opening hinges

Easy and simple

The Kelvinator Integrated Refrigeration Kit offers a simple and precise solution for a seamless kitchen. The specialised Kelvinator hinges also allow the fridge door to open to a wide 120°, making it easier to access food as well as clean and remove shelves. Everything you need to integrate your fridge – including the hinges – is provided in one complete package, avoiding unnecessary running around and hidden costs.

Blends seamlessly behind your cabinetry

How does it work?

The kit is designed to fit a wide variety of Kelvinator fridges. It utilises a sliding system which fixes the outer door of the fridge to the kitchen cabinet. When the cabinet door is opened, the connecting rail opens the fridge in one smooth and simple motion.

Models that can be used with the IK008 Integration Kit:
KTM5402, KTM4602, KBM5302, KBM4502

Model	max. door height (H)	cabinet height (H1)	total height (H2)	door width (W)	cabinet width (W1)	total depth (D)	cabinet depth (D1)	depth door open (D2)

Warranty

Electrolux Home Products Pty Ltd and Electrolux (NZ) Limited (collectively Electrolux) warrants that for domestic applications the appliances featured in this brochure are free from defects in materials and workmanship for 2 years and warrants that for featured accessories a period of 12 months, following the date of original purchase and subject to the conditions set out in the warranty card accompanying the product when purchased. This warranty is in addition to the other rights and warranties you may have under the Australian Consumer Law (ACL) and Electrolux will at all times comply with its obligations at law including the ACL. For New Zealand customers Electrolux will at all times comply with its obligations pursuant to law including the Consumer Guarantees Act, the Sale of Goods Act and the Fair Trading Act. Where appliances are purchased in NZ for commercial purposes the Consumer Guarantees Act does not apply.

Product information

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Electrolux will at all times comply with its obligations pursuant to law. Colours of products illustrated are as close as printing limitations allow.
